For Release at 5:00 p.m. ET
Release Nr. CA-2001-034
Friday, June 29, 2001

SAN DIEGO —HRL Laboratories, LLC, of Malibu, California, is being awarded a \$9,763,554 cost-plus-fixed-fee-type contract for research and development of a viable integrated electronics technology based on the Antimonide Based Compound Semiconductors family of materials. The contract efforts will primarily support the Defense Advanced Research Project Agency's Antimonide Based Compound Semiconductors program. This contract includes no options. All work will be performed in Malibu, California. The period of performance is from June 29, 2001 through July 30, 2005. Contract funds obligated in the amount of \$2,114,000 will not expire at the end of the current fiscal year. This contract was competitively procured, having been published in the Commerce Business Daily under DARPA BAA# 00-03 and posted October 19, 2000, Issue No. PSA 2709. Eleven offers were received, and this is one of two contracts awarded to date under this announcement. The Space and Naval Warfare Systems Center, San Diego, California is the contracting activity (N66001-01-C-8033).
